

your inner librarian

You, too can have your very own inner librarian glasses. Just follow these simple instructions. Enjoy!

Materials

Scissors

String

Instructions

1. Carefully cut along the dotted lines.
2. Make a small incision at each "X."
3. Thread string through the hole at one "X" and tie a knot. (Optional: book tape or page reinforcements may be used to strengthen opening.)
4. Holding glasses in place, measure appropriate string length around head. Adding enough length to tie a knot, cut string.
5. Thread string through the remaining hole and knot.
6. Trim excess string.
7. Enjoy!

Warning! Please use your inner librarian glasses with caution. Shush responsibly.
